

CBNR

Centre for Bioscience & Nanoscience Research

(Affiliated to Bharathiar University)

Since 2010

ISO 9001: 2015 Certified

Research M.Phil and Ph.D – Full time/ Part time

(Microbiology and Biotechnology)

This earmarks the widening of research priorities in the field of Microbiology and Biotechnology at CBNR. Besides, emphasizing new goals and novel insights in the above fields including Bio nanotechnology, Food Technology, Molecular Microbiology and Drug development. CBNR is set to prioritize the existing research objectives and to translate the benefits of research for the students and Society.

Area of Research

Microbial Enzymes / Nanotechnology /Environmental Microbiology /Food Biotechnology /Molecular Microbiology / Cancer Biology Medical Biotechnology / Bioactive compounds .

Paper presentation : 04 ; Paper publications : 205 ; NCBI gene sequences : 45 Best Paper award : 03 ; Citation index : 512 . Impact factor : 316 ; Seminars /FDP Conducted: 08

For further details, kindly go through the prospectus and Modified Regulations 2015 in Bharathiar University website.

Application forms can be downloaded from the Bharathiar University website for all the sessions as per the Bharathiar University norms.

Well equipped laboratory with advanced instruments , dedicated scientists to guide the research scholar
